Agents must be contracted and fully certified in order to sell Universal American Medicare Advantage (PFFS, HMO and/or PPO) plans. Certification includes proof that the agent (1) is duly licensed and in good standing in the state in which he/she markets and sells, (2) has undergone Medicare and Medicare Advantage 2009 training, (3) has successfully passed the Medicare and Medicare Advantage 2009 test, and (4) has contracted with us to sell Universal American Medicare Advantage plans. If ALL of these conditions are not satisfied, the agent is NOT certified and may not sell Universal American Medicare Advantage plans. Under our Zero Tolerance policy, any agent who is not certified but sells Universal American plans will not receive a commission for this sale, and will be subject to immediate termination. In addition to being contracted and fully certified, each agent must be appointed, at his/her expense, with the Universal American company(ies) offering the Medicare Advantage 2009 plans he/she is selling. Appointment must be made through the insurance department of the state(s) in which the agent is licensed and selling Universal American Medicare Advantage plans.
